Digital Learning Schedule

Dear Parent,

The munificent appreciation we have received from you for the digital learning initiative has been an elixir for us in these challenging times. We are equal stakeholders in the lives of our children and we have always held your feedback about our initiatives in the highest regard. On requests from parents to keep weekends off for children, we have decided to discontinue the classes on Saturday and Sunday. We have rescheduled the classes accordingly and will soon share the revised schedule with you.

However, we may resume weekend classes depending upon the curriculum need in the future.

(Suruchi Gandhi)
