Digital Marathon- Forging New Paradigms....

Dear Parent,

Our present predicament has swayed us to reflect on these encouraging words - *"It is only in our darkest hours that we may discover the true strength of the brilliant light within ourselves that can never, ever, be dimmed."* As Educational Leaders, we recognize the need to flow with the vagaries of time and embrace change head on.

We wholeheartedly take on the responsibility of finding that sparkling glimmer of hope in our learners and strengthening it to the degree that it shines through the very persona of our children. In this vein, the school expeditiously adopted virtual learning even before the announcement of lockdown to ensure the journey of learning continues seamlessly for our children confined at home. Some highlights of Digital schooling are:

616x616px

1. **EXTRAMARKS LEARNING APP:** GO TO SCHOOL Initiative has provided not only content but also artificial intelligence based doubt clearing chat bot to provide personalized learning experience to each child. Curriculum mapped teaching modules and self-assessment quiz have been made available to all students from K-12.
2. **SNAP HOMEWORK AND WHATSAPP GROUPS** are being used to deliver learning instructions and assignments to students.
3. **GOOGLE CLASSROOMS AND MICROSOFT TEAMS** have provided an online collaboration platform and enabled implementation of a designated time table for classes Nursery-XII. They also facilitated synchronous teaching learning practices and assessments. Daily face to face interaction with teachers, according to preset timetable, provides a semblance of school at home. Microsoft teams are being used to conduct live lessons and assessments and facilitate remedial teaching for children with special needs.
4. **KHAN ACADEMY:** Modules and online assessments are being used by Mathematics teachers.
5. **ONLINE ASSESSMENTS** have been introduced through Microsoft and Google forms where teachers design online question papers and provide instant feedback. All retests were conducted online through Microsoft Teams application.
6. **REPORT BEE SYSTEM** has been configured and tested to generate online report cards. Parents received digital report cards after the Lockdown was announced.
7. **ONLINE PROFESSIONAL DEVELOPMENT OF TEACHERS** has been in full swing through Microsoft Education Portal. MICROSOFT INNOVATOR EDUCATOR badge has been earned by 55 teachers. While 5 teachers have qualified for MICROSOFT INNOVATOR EDUCATION EXPERT certification. Nearly 85 certificates have been earned by teachers during Corona Lockdown period.

We have received gratitude notes and rave reviews for the Home Schooling project. Students attending sessions in school uniform and a high student attendance bears testimony to the hard work put in by teachers.

While we draw inspiration from the achievement of our teachers and students, we also look towards our parent community for infallible support for all that is new, innovative and technologically in sync with the need of the hour. I would like to conclude with a note of heartfelt gratitude for all members of BBPS Team for facilitating and providing everything we needed in hours of trials and tribulations.

Kudos Team BBPS, Dwarka!

Principal

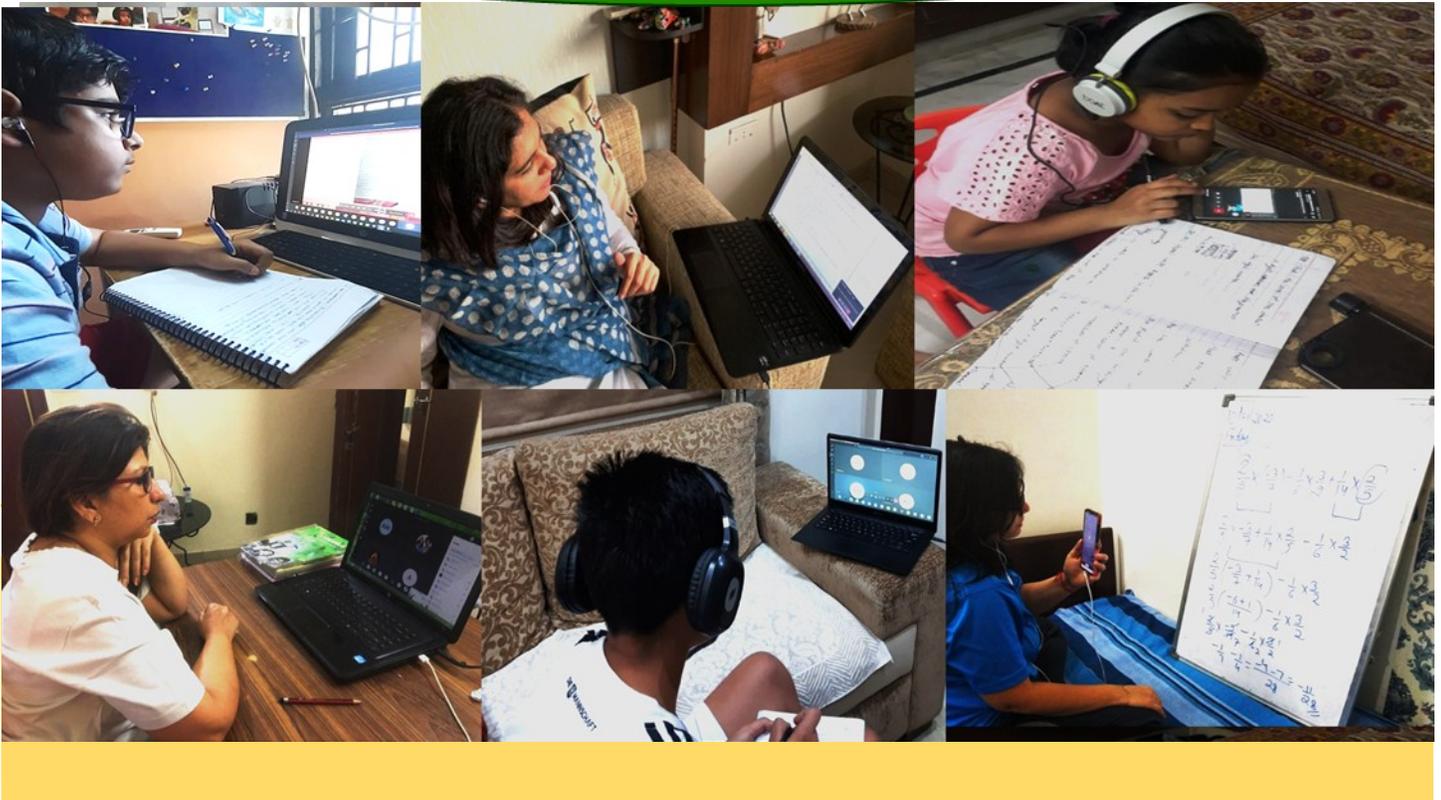

DIGITAL HOLISTIC RECREATIONAL CENTRE

We, at Bal Bharati Public School, Dwarka, believe in fortifying an environment that prioritizes physical health, mental health, and overall wellness of children as a foundation for lifelong success and happiness. In these crucial and stressful times, it is our prerogative to keep the children engaged in holistic recreational activities so as to augment their motivation levels and to help them move forward, wherever they are.

As part of the online teaching initiative, our activity teachers have been successful in exploring ways to reduce unnecessary stress in students' environment and promote an appropriate work-play balance. The students have been engaged in the recreation curriculum designed by the school in terms of Visual & Performing Arts and Physical education. The basics of Indian Classical Dance are being introduced to the students wherein they learn about various 'Mudras' and exercises related to the Eye movement, Neck movement along with some beautifully recited Sanskrit Shlokas.

YOU SAID IT — PARENTAL FEEDBACK

Dear Ma'am,
 Thank you so much for the wonderful sessions... my child thoroughly enjoyed it. The online sessions are interesting and engaging for the students. Happy child... Happy parents...

 M/o Disha Nagpal
 Class: PP 1D

Dear Ma'am,
 Certainly there is a lot of effort put in by school and time to utilize the time of our little ones to come up the learning curve and we as parents are really thankful for that. Really appreciate your patience and I know how hard it is manage virtually with children of this age. Kudos to the entire team for putting this together.
 Shikha Sharma
 M/o Saanvi Sharma (PP 1 B)

Dear Ma'am,
 Thank you so much for organizing online classes. Congratulations to team BBPS for showing so much adaptability to technology and providing knowledge by bringing learning home in the current COVID-19 situation. Kids are so excited with the new way of learning and are enjoying it as well. Really appreciate and congratulate BBPS on walking this extra mile in providing knowledge to their students.
 We love BBPS!!
 Sonika M/o Aadit- VI C

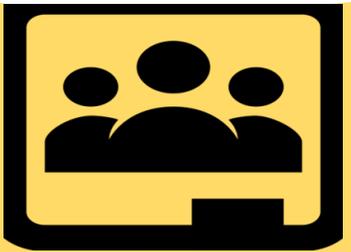

Dear Ma'am,
 I genuinely appreciate the efforts of the School Principal and teachers have taken for class 12. Since class 12th is the most important for the students' career, everyone was worried for their studies. But by conducting classes online you have not only engaged the students in learning but have also given them exposure to online learning. My gratitude to you for all that you have done!
 Alka Arora M/o Aastha Arora -12 C

Dear Ma'am,
 We are really blessed to be a part of the BBPS family.... The initiative taken by you all to keep students at par with syllabus via technology has proved to be very helpful. The teachers have eased out lesson plans and the delivery is very smooth. Belonging to the same fraternity, I really understand the amount of work you all must have put in. Hats off to the mentors n kudos to the team. Happy Parent!
 Looking forward to excellent learning.
 M/o Adwait (3 C)

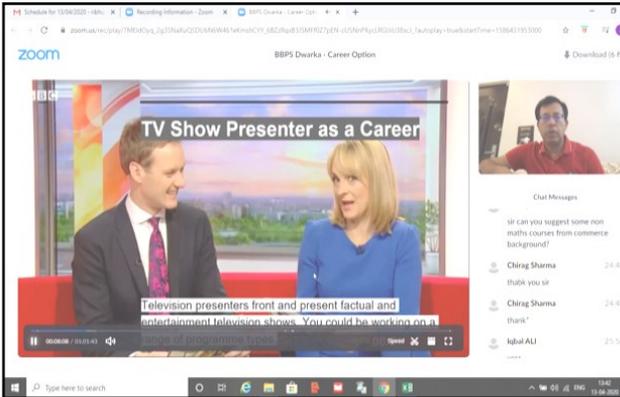

Dear Ma'am,
 We greatly appreciate efforts of the learned Principal and all the dedicated teachers and IT staff of BBPS, Dwarka for initiating online classes. Kids are getting exposure to e-learning and have a regular schedule to follow. Children are happy interacting with teachers and peers. Hats off to all teachers who are putting in so much efforts to make learning fruitful.

Initiatives Galore

DIGITAL INITIATIVES - COUNSELLING AND LEARNING CENTRE

The counselling and learning centre utilized multiple digital tools to reach out to children. Our initiatives such as Career Counselling Webinars, Virtual learning support for CWSN, etc have significantly contributed in maintaining a semblance of consistency and structure in the lives of children confined at home. Specific time tables for special needs students were curated immediately to avoid any loss of precious time. Various new age assistive virtual techniques such as speech recognition, screen reading tools, text to speech solutions among others were incorporated to design effective and interesting lessons.

DIGITAL LIBRARY BY SCHOOL LIBRARIAN... BOOKS & BEYOND

Digital Library Services support faculty, staff, students and parents by providing access to resource material which includes e-books (across genres like fairy tales, fantasy, mystery adventure, humour, and non-fiction) digital newspapers, magazines, audiobooks, text music, movies, and various other learning resources .

To make reading more interesting, some corresponding rewards have also been introduced. Children earn points for every bit of reading that they do and the book reviews that they write. Each book consists of follow up and if the students manage to answer 8 questions out of 10 successfully, they earn the title of an 'Ace Reader'. Additionally, a child who completes 10 book reviews in a month would be recognised as a 'Book Viking'. Moreover, a wholesome variety of activities like Book Dare, story writing challenge etc. further enable students to maintain their much cherished bond with books. This approach also helps "to get parents to believe in a digital reading platform for kids".

DIGITAL INITIATIVE-REMEDIAL SESSIONS

The school supports all students and in its endeavour to provide guidance to Class XI students for Online Retest Examinations, Remedial sessions were conducted online. The mentors discussed the various academic issues while at the same time supporting them emotionally at this difficult time.

The online retests were conducted in a stress free environment for respective students.
