Academic Session- Class XI

Dear Parents,

Moving “Ever Forward” has been the guiding ethos at BBPS, Dwarka. Even in the midst of a global pandemic, we remained steadfast in our commitment to holistically engage our students. We have been relentless in our pursuit of avenues to ensure that learning never stops.

We introduced digital learning to minimize the academic loss of our students. With this intent, we are proceeding ahead with the academic session for class XI and will soon share the schedule for online classes.

Your ward has been allotted the stream/subject on the basis of his/her performance in the school pre-boards. However, this is a provisional allocation and the final stream allocation will be decided on the basis of your wards performance in CBSE Board Examination.

To reiterate, this is a purely provisional allocation to ensure minimal loss of our students’ precious time. The final eligibility criteria will be decided and shared once the CBSE class X result is announced. You are requested to send your application for stream change (if required) once the result is announced.

As we together navigate this learning crisis- Cooperation is the way forward. We look forward to your infallible support and blessings for our students as we move forward to new beginnings for our class XI students.

(Suruchi Gandhi)
