The activity provided a platform for students to share the moments with their buddies & to know each other better.

### + PRE-PRIMARY LEARNING MODULES AND ANCILLARY SHEETS

**“If a child cannot learn in a way we teach, we must teach in a way the child can learn”**

Pre-Primary learning modules and ancillary sheets are applauded by all the parents and teachers. This pattern has proved really beneficial for our students during this crucial time.

Also, it extends great help and is a ready reckoner for all the teachers. It is age appropriate and provides ample exposure to learn and groom. It has increased partnership and collaboration amongst all the units of BBPS. These modules help in instilling learning habits and developing physical, mental and social skills. Various innovative activities and games planned in the module enhance the enthusiasm for learning in kids. It also focuses on fine and gross motor development, building self-confidence and making our children self-reliant.

All this has been possible because of the fruitful advice and encouragement provided by Ms. Nanu Rekhi. The modules have shaped up really well under her guidance and mentorship.

**“Give children toys that are powered by their imagination not by batteries”**
