*“Not I, nor anyone else can travel  
that road for you.  
You must travel it by yourself.  
It is not far. It is within reach.  
Perhaps it is everywhere - on wa-  
ter and land”*

~Walt Whitman

Dear Parent,

We firmly believe that individual exploration of the world around, enhances learners' perceptiveness and sense of cultural awareness. It sows in them the ideals of acceptance, open mindedness and respect for others.

Although, it is lamentable that the COVID-19 pandemic has confined us within our homes and has inhibited our movements yet we mustn't allow our spirits to be bogged down by such a crisis. We can undertake the following activities from the comfort of our homes to facilitate the connection between the inner and outer world-

- ◆ **Venturing On Virtual Escapades** – Some of the most treasured places in the world serve as historic landmarks, symbolising the potentialities of human endeavour. Digital technology has made it possible for us to undertake revelatory voyages across the continents, broadening the horizons of our knowledge.
- ◆ **Historical Retreats** – The most fruitful way of traversing a geographical heaven is by delving into its past and familiarising oneself with the changes that have swept the place. Watching informative documentaries with our children would not only add to their knowledge but would also allows us to spend quality time with them.
- ◆ **Conjuring Up A Cultural Feast** - Deborah Carter once remarked, “You have to taste a culture to understand it”. At present, it might be difficult to bridge the physical distance between different regions. The ethnic distance, however, can be overcome by indulging ourselves in peculiar culinary delights. We can please our taste buds as well as introduce our children to a myriad of cultures.

Through this newsletter, we celebrate the spirit of adventure that all Bal Bharatians carry within themselves and invite our readers to partake in this journey of self exploration with us.

## EXPEDITION 2020— WITH BBPS, DWARKA

Adventure is 'IN' here!

Stuck at home? You can still enjoy amazing sights and experiences.

Many of the world's most iconic locations now offer virtual tours, meaning you can visit museums, world heritage sites and other attractions from the comfort of your couch. You don't need a VR headset, either, although some attractions do support virtual reality for a more immersive experience.

So if you're looking for things to do at home, and in need of a change of scenery, simply grab your laptop, tablet or phone, and join us on a world tour filled with history, nature and – of course – technology.

## AROUND THE WORLD IN ONE CLICK!

Virtual reality 360 degree video travel is an amazing and refreshing experience in this lockdown. I visited many places like Paris , Maldives and many more, through these videos, sitting at my home. I visited the top of Eiffel Tower. The view from there was simply mesmerizing!
