

# e-Celebrations Holistique Learning

Vol. 10  
June, 2020

A new beginning often

## From the Principal's desk.....

Dear Parents,

"Technology will never replace great teachers, but in the hands of great teachers can be transformational."

At BBPS, Dwarka, we believe that technology is merely an augmentation to teacher. It is significant that we remember, a teacher is more than a facilitator of knowledge, for human interaction cannot be replaced by computers and human skills cannot be taught by technology. The faculty at Bal Bharati not only transmits knowledge, but nurtures hearts brimming with compassion, empathy and affection. Aiming at holistic development of each child academics, co-curricular activities and celebrations are given equal weightage. Earth Day, Labour Day and Mother's Day celebrations received massive response from the parents and students. I would like to extend my heartfelt gratitude to the parents, our co-facilitators for their collaborative efforts to make home schooling sessions more effective and productive.

Happy Reading!

# Straight from the Heart

Thank you so much for your extra ordinary efforts that you are putting up for providing all the content reach our child at home and explaining in an excellent manner using ppt's videos and assignments so that their valuable time is utilised in the best way.

**Ms Vaishali Sabharwal**  
**Mother of Sadhika Sabharwal – 5A**

Really appreciate the extent BBPS, Dwarka is going to.....to help the kids in this situation. The teachers are serving as an example for the children to look up to...to fulfil their duties, even in tough times.

**Ms Sujata**  
**Mother of Viraj – III B**

Virtual classes are indeed very helpful in these unprecedented times. Immense appreciation for the initiative to help students get familiar with essential technology and collaborative skills.

**Parent of**  
**Ishaan Sharma – V A**

It is a wonderful experience. All the instructions are conveyed properly. Thank you, so much Principal ma'am, for your endless and precious efforts and whole hearted support for our little ones.

**Mother of**

20/1/2022  
Today was my Artificial Intelligence class. I was super excited about it. In the meeting, mahim showed us a presentation which she had shown us but she wanted to make sure that everybody understood. Then she told us that we had to make a presentation ourselves. It seemed like in fourth class when the subject was optional she told us that how to make a presentation. I had no idea about it. I went to my father to take help. But it seemed that he was of a call himself & will help me later. I was impatient. After the meeting ended, I hastily made myself a presentation and had to send two more times.

# Labour Day

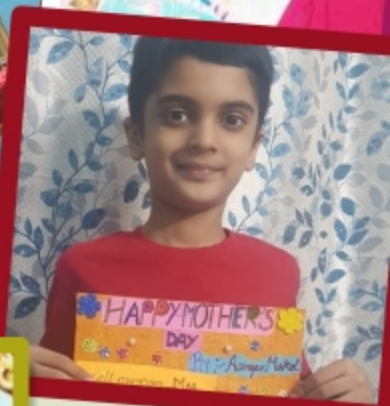

A good life is a collection of happy moments and we, at Bal Bharati Public School, Dwarka, believe in celebrations, be it big or small. Our little fires proved that even this lockdown cannot dampen their spirits. Our children celebrated every occasion with utmost zest, spreading joy and happiness all around.

# MOTHER'S DAY

Ammi – Maa – epitome of love

Forget your  
woes &  
laugh together

Moms are like buttons  
they hold everything together
