It's my nineteenth year here as a teacher and very proud of my school..it just doesn't boast of being one of the best schools of Dwarka but it actually is in its entirety...academics, sports, co- curricular...name it and there are milestones achieved by our students.....too proud 😊

The teachers are very friendly, approachable and supportive. The school offers wonderful opportunities in various realms that help students develop the essentials personality traits. Through the years of education, the students learn a lot more than what's taught in the curriculum and that really stands the school apart.

My experience with this school has been a wonderful experience. My both children have been going here since since last year. The online classes have been very grateful and appreciable. As a parent, I recommend this school highly for any new parents looking to place their children in a reliable environment...Best school in Dwarka.

Very very nice school with hard working teachers...they have kept hobby camp for kids specially during summer vacations so they learn new things..I sincerely appreciate Principal ma'am and all the teachers for taking such commendable efforts... Every teacher gives their 100 percent to bring out best from kids and nurture their talents accordingly so they can make them stand independently in this competitive World..

Infrastructure is just awesome..Big playground, sports equipments, computer labs, science labs and smart teaching initiative with all the latest facilities make this place a dream school for any parent.... Proud to be associated with the school 🏫 and thanks again to all the building blocks of this great school

Bal Bharati Public School is a great school. The teachers are extremely helpful and supportive. They use modern technology for teaching. Best facilities are available here for academics as well as extra curricular activities. The infrastructure of the school , way of teaching , etc. is extremely good.

My daughter has been studying here since nursery n now she is in class 7. The amazing love and support the teachers show is really commendable n are just a call away if we face any problem. The school has numerous extra curricular activities , clubs , academies for overall development.. N the recent online sessions are also being conducted in such a way that kids dont feel bored n are able to learn with same efficiency as they would have done in normal classes.

It has been 10 years since my daughter is studying in the school. It has been a very fruitful experience. One of the best schools in Dwarka, BBPS Dwarka also has had relevant online classes going on despite the Covid 19 situation. I would definitely recommend this school to any parent for their children in Dwarka.

An Excellent place for students, teachers as well as Parents. Honesty is the hallmark of this place. The school provides holistic growth to young minds as well as provides ample opportunities to it's staff for their intellectual growth.

As compared to other Schools which may boast of their 5 star infrastructure, the school provides standard quality infrastructure which gives it an aura of a 'temple of learning' and not a Hotel.

Its definitely not an easy thing to be in high demand continuously for so many years, that is being top in the Priority list of Parents looking for admissions of their kids.

Being an Alumni of this school, I can say that I wouldn't have changed it for anything else!

Bal Bharati Dwarka is one of the best schools with best faculty & facilities, they nurture their children right from the very beginning.

The school has nourished me for my good, apart from the academics, the extra curricular activities helped me boost my confidence and also build my personality at the same time.

Aside the amazing way teachers teach they also provide their students with so many opportunities to figure out where their interest lies & also help them in every possible way.

There's no doubt, Bal Bharati Public School, Dwarka, is one of the best schools in Delhi.
