

Unlocking the Locked Talent

GENERAL GUIDELINES

“Hide not your talents, they for use were made. What’s a sundial in the shade?”
Benjamin Franklin

Education is the passport to the future, for tomorrow belongs to those who prepare for it today. A mere book or classroom learning is insufficient for addressing contemporary challenges. Acquiring of emotional intelligence together with social skills is the best way to overcome situations which are alien to us.

*Reaching out, moving on, looking beyond, searching for ways and means to grow in every way, is the ultimate quest of every human. Children must be taught **HOW** to think, not **WHAT** to think. **ExploraVision 2.0** is an attempt to allow our wunderkinds to unravel their creative minds into the realm of the changing world around them.*

Please find enclosed the details of various events and encourage your students to participate with vigour and zeal.

Soliciting your whole-hearted participation in making this event a grand success.
