SILVER JUBILEE CARNIVAL 2022

From the Principal's Pen...

"Education is not preparation for life; education is life itself". - John Dewey

Since its inception in 1997, BBPS, Dwarka, has spearheaded the cause of holistic and experiential education under the precepts of inclusivity. Set up under the aegis of the Child Education Society (CES), the school continually strives for holistic excellence by curating educational experiences that are challenging yet supportive, and contemporary yet rooted in the ethos and wisdom of our rich Indian culture.

The yearlong celebrations acknowledge and extol the hard work, diligence and efforts that have been pivotal in bringing about a significant shift in the paradigms of education- from traditional pedagogies to technology-based education.

Over the past 25 years, the school has not only achieved momentous milestones but has also set new benchmarks in the field of education. Silver Jubilee Carnival commemorates the many achievements and accolades of our dynamic odyssey.

I would like to express my deep gratitude for our honourable Chairman and President CES, Mr Nikhil Channa for his immense guidance and unbridled support. I also acknowledge the unceasing efforts of my staff members who have shown remarkable dedication and zeal in displaying an unwavering commitment to this glorious institution. I also appreciate the parent fraternity who have always stood by us in all our endeavours.

Let's hear it directly from our amazing group of parents, mentors and facilitators

The 25 silver jubilee winter carnival was celebrated with great enthusiasm and high spirits. It was a much awaited event for two reasons one as it was its 25th carnival and secondly the school was celebrating the carnival after a gap of two years due to the Covid pandemic. The Bal Bharati family including the teachers, students and parents all participated in the carnival and had a memorable day. We had lots of fun rides for all age groups, endless mouthwatering food delicacies, lots of fun games and stalls of all brands and shopping were gathered under one roof. The school choir and music and dance group added colour to the carnival by its never ending performances throughout the day. The carnival ended with a beautiful memory of the day both in the minds of children and parents, with plans for the coming year.

The annual winter carnival was celebrated with a lot of fun at Bal Bharati Public School. Fun, frolic, stalls of jewellery, sarees, kurtis along with an aromatic food court were a real catch at the much awaited and needed 'winter carnival' after the Covid-19 pandemic. All classes organised fun games with many prizes, which helped in the overall development of students, increased interaction between student teachers and inculcated a lot of value in children.

Besides, all the students and the parent community had a great time all together throughout the day. The day ended up with a lot of praise of school teachers, students and management and the crowd had a merry time.

“A tiny sapling that was planted on this land
Mother Veronica nurtured it with her mystic hand.
Little leaves of determination, buds of conviction and love
With showers of blessings received from above.
It grew day by day in the sunshine so bright
It bore fruits of values – wisdom, faith and light.
Slowly it blossomed into a huge big tree - a temple of learning which
many agree.
Its horizon is where the sea meets the blue sky
In every sphere it’s rising so high.
Joys, laughter, triumphs and cheers
The chromatic brilliance of 25 silver years!!”
