पाठ 11 - चावल की रोटियाँ (नाटक)	पठन और श्रवण कहानी की सांस्कृतिक पृष्ठभूमि और पात्रों की भावनाओं को समझना। समालोचनात्मक सोच भोजन की विविधता और उसके सामाजिक महत्व का विश्लेषण करना। भावनात्मक बुद्धिमत्ता भोजन के प्रति सम्मान और कृतज्ञता की भावना विकसित करना। सृजनात्मक अभिव्यक्ति भोजन से जुड़ी कहानियाँ या अनुभव साझा करना। शब्दावली विकास 'रोटियाँ', 'संस्कृति', 'परंपरा', 'स्वाद' जैसे शब्दों का प्रयोग।	पाठ समझ भोजन से जुड़ी परंपराओं को समझना; पात्रों के भाव जानना घटनाओं को क्रम से जानना; आलोचनात्मक सोच संस्कृति और परंपरा का विश्लेषण; भोजन की सामाजिक भूमिका भिन्न दृष्टिकोणों की कल्पना; नैतिक सोच भोजन के प्रति सम्मान; परिश्रम का मूल्य समझना सहयोग की भावना; रचनात्मक अभिव्यक्ति पारंपरिक भोजन का चित्रण; खाद्य पर अनुभव लेखन नाट्य प्रस्तुति; शब्दावली संवर्धन नए शब्दों का अर्थ समझना सही प्रयोग व विलोम/पर्याय जानना (जैसे: परंपरा, स्वाद, रसोई)	शिक्षण अधिगम विधियाँ पारंपरिक भोजन पर चर्चा सांस्कृतिक विविधता पर समूह परियोजना खाना पकाने से जुड़ी कहानियाँ सुनाना
पाठ १२ - गुरु और चेला (कविता)	पठन और श्रवण कहानी की हास्यपूर्ण घटनाओं और पात्रों की भूमिकाओं को समझना। समालोचनात्मक सोच गुरु-चेले के संबंधों और उनके निर्णयों का विश्लेषण करना। भावनात्मक बुद्धिमत्ता हास्य के माध्यम से सामाजिक संदेशों को समझना। सृजनात्मक अभिव्यक्ति कहानी का नाट्य रूपांतरण या संवाद लेखन करना। शब्दावली विकास 'गुरु', 'चेला', 'हास्य', 'व्यंग्य' जैसे शब्दों का प्रयोग।	पाठ समझ पात्रों की गतिविधियों को समझना; हास्य और व्यंग्य का अर्थ जानना संवादों का सार पकड़ना; आलोचनात्मक सोच गंभीरता में छिपा संदेश; पात्रों के निर्णयों का विश्लेषण परिणामों की कल्पना; नैतिक सोच; ज्ञान और विवेक का महत्व आत्म-निरीक्षण की आवश्यकता; शिक्षा से मिली सीख रचनात्मक अभिव्यक्ति; हास्य दृश्य पर नाटक संवाद लेखन; चित्र बनाना; शब्दावली संवर्धन नए शब्दों का अर्थ समझना सही प्रयोग व विलोम/पर्याय जानना (जैसे: चेला, गुरु, व्यंग्य)	चर्चा विधि , नाट्य शिक्षण व खेल विधि बुजुर्गों के अनुभव सुनने की गतिविधि परिवार चित्र बनाना और वर्णन संवाद लेखन: दादी को पत्र

	अव्यय शब्दों की पहचान करना और उनका सही अर्थ समझना। अव्यय शब्दों को वाक्यों में सही स्थान पर प्रयोग करना सीखना। अव्यय शब्दों के विभिन्न प्रकारों (समय, स्थान, मात्रा, कारण आदि) को समझना। भाषा में अव्यय शब्दों के प्रयोग से अभिव्यक्ति को स्पष्ट और प्रभावी बनाना।	उनका उपयुक्त प्रयोग करने की क्षमता। सुनने-बोलने का कौशल: बातचीत और वार्तालाप में अव्यय शब्दों का सही उपयोग। लेखन कौशल: अव्यय शब्दों का प्रयोग कर प्रभावी और स्पष्ट वाक्य/अनुच्छेद बनाना। विश्लेषणात्मक सोच: अव्यय शब्दों के अर्थ और संदर्भ के आधार	रचनात्मक लेखन के लिए प्रेरित करना । अव्यय शब्द खोजी: किसी पाठ या कविता में अव्यय शब्दों को खोजकर लिखना। वाक्य निर्माण: दिए गए अव्यय शब्दों का उपयोग करते हुए अपने वाक्य बनाना। अव्यय शब्द वर्गीकरण: अव्यय शब्दों को उनके प्रकार (समय, स्थान, मात्रा, कारण) के अनुसार वर्गीकृत करना। चित्र वर्णन: चित्र देखकर उसमें दिखाए गए क्रियाओं या भावों को अव्यय शब्दों के साथ वर्णित करना। वार्तालाप अभ्यास: जोड़ी में संवाद करना जिसमें अव्यय शब्दों का समुचित प्रयोग हो।
(कहानी)	पठन और श्रवण कहानी की भावनात्मक गहराई और पात्रों के संबंधों को समझना। समालोचनात्मक सोच दादी और स्वामी के संबंधों का विश्लेषण करना। भावनात्मक बुद्धिमत्ता बुजुर्गों के प्रति सम्मान और सहानुभूति की भावना विकसित करना। सृजनात्मक अभिव्यक्ति दादी के दृष्टिकोण से पत्र लेखन या कहानी का नाट्य मंचन करना। शब्दावली विकास 'दादी', 'स्नेह', 'अनुभव', 'परिवार' जैसे शब्दों का प्रयोग।	पाठ समझ बुजुर्गों के प्रति भावनाएँ जानना; परिवारिक संबंधों को समझना संवादों से गहराई पकड़ना; आलोचनात्मक सोच बुजुर्गों की भूमिका का मूल्यांकन; परिवार में उनके महत्व की समझ भावनात्मक निर्णयों की विवेचना; नैतिक सोच सम्मान और प्रेम का भाव; सहानुभूति और आत्म-निरीक्षण भविष्य के दृष्टिकोण से सीख; रचनात्मक अभिव्यक्ति दादी को पत्र लिखना; चित्र बनाना; घटना का नाटक; शब्दावली संवर्धन; नए शब्दों का अर्थ समझना; सही प्रयोग व विलोम/पर्याय जानना (जैसे: दादी, स्नेह, अनुभव); मूल्य और नैतिकता बुजुर्गों का महत्व; परिवार का सामंजस्य संबंधों में सहानुभूति	विद्यार्थी खेल कूद के द्वारा योग की महत्ता जान सकेंगे। बुजुर्गों के अनुभव सुनने की गतिविधि परिवार चित्र बनाना और वर्णन संवाद लेखन: दादी को पत्र
रात (कविता)	पठन और श्रवण कहानी की घटनाओं और पात्रों की प्रतिक्रियाओं को समझना। समालोचनात्मक सोच डर और साहस के बीच संतुलन का विश्लेषण करना। भावनात्मक बुद्धिमत्ता भय के समय में संयम और समझ की भावना विकसित करना। सृजनात्मक अभिव्यक्ति कहानी का वैकल्पिक अंत लिखना या नाट्य रूपांतरण करना। शब्दावली विकास 'बाघ', 'भय', 'साहस', 'रक्षा' जैसे शब्दों का प्रयोग।	पाठ समझ घटना की स्थिति को क्रमवार समझना डर और साहस की तुलना संवादों से संकेत ग्रहण करना आलोचनात्मक सोच समूह की एकजुटता का मूल्यांकन स्थिति में लिए निर्णयों का विश्लेषण भय और बचाव के विकल्प नैतिक सोच; संकट में धैर्य रखना; सामूहिक प्रयासों की सराहना; साहस का सम्मान; रचनात्मक अभिव्यक्ति; घटना का नाटक; चित्र बनाना; वैकल्पिक अंत लिखना; शब्दावली संवर्धन; नए शब्दों का अर्थ समझना; सही प्रयोग व विलोम/पर्याय जानना (जैसे: साहस, भय, एकता); मूल्य और नैतिकता; एकता और सहयोग; संकट में संयम; साहस का महत्व	केवल पठन हेतू नाट्य प्रस्तुति और आवाज़ के साथ अभिनय संकट की स्थिति में व्यवहार की चर्चा संवाद से व्याख्या और सामूहिक कार्य

व्याकरण: विराम चिह्न	शब्दकोष में वृद्धि,हाव- भाव विराम चिह्नों की पहचान के साथ पठन विभिन्न विराम चिह्नों (पूर्ण विराम, अल्प विराम, प्रश्नवाचक चिह्न, विराम चिह्नों (पूर्ण विराम, अल्प विराम, प्रश्नवाचक चिह्न, विराम आदि) की पहचान करना। वाक्य में उचित स्थान पर विराम चिह्नों का प्रयोग करना सीखना। विराम चिह्नों के प्रयोग से वाक्य को स्पष्ट, सुंदर और सही बनाना। पढ़ने और लिखने में विराम चिह्नों की भूमिका को समझना।	भाषा कौशल: विराम चिह्नों की पहचान और उनका प्रयोग करना। लेखन कौशल: उचित विराम चिह्नों के प्रयोग से शुद्ध और प्रभावी वाक्य लिखना। पठन कौशल: पढ़ते समय विराम चिह्नों के अनुसार सही उच्चारण और समझ विकसित करना। विश्लेषणात्मक क्षमता: वाक्य के भाव और प्रकार के अनुसार उचित विराम चिह्न का चयन करना।	विराम चिह्न पहचानोः वाक्यों में विराम चिह्नों को रेखांकित करना। वाक्य सुधारोः बिना विराम चिह्न के लिखे वाक्यों में सही विराम चिह्न जोड़ना। विराम चिह्न लगाओः अधूरे वाक्यों को पूरा करते हुए सही विराम चिह्नों का प्रयोग करना। वाक्यांशों को जोड़ोः अलग-अलग शब्दों या वाक्यांशों को सही विराम चिह्नों से जोड़ना। सवाल-जवाब खेलः प्रश्नवाचक चिह्न वाले प्रश्न बनाना और उनका उत्तर देना।
पाठ 15 - बिशन की दिलेरी (कहानी)	पठन और श्रवण कहानी के घटनाक्रम को ध्यानपूर्वक पढ़ना और समझना। समालोचनात्मक सोच बिशन की बहादुरी और समय पर लिए निर्णयों का मूल्यांकन करना। भावनात्मक बुद्धिमत्ता दूसरों की सहायता करने की भावना को अपनाना। सृजनात्मक अभिव्यक्ति बिशन की कहानी का चित्रण या नाट्य रूपांतरण करना। शब्दावली विकास 'दलेरी', 'साहस', 'संकट', 'सहायता' जैसे शब्दों का प्रयोग।	पाठ समझ घटना को क्रमवार समझना पात्र की बहादुरी को पहचानना संवादों से प्रेरणा लेना आलोचनात्मक सोच; समय पर निर्णय लेने का विश्लेषण पात्र के साहस का मूल्यांकन परिणामों की कल्पना; नैतिक सोच; दूसरों की मदद करना कर्तव्यनिष्ठा की भावना; संकट में सोच-समझ रचनात्मक अभिव्यक्ति; बहादुरी का चित्रण प्रेरणादायक लेखन; नाट्य मंचन शब्दावली संवर्धन; नए शब्दों का अर्थ समझना सही प्रयोग व विलोम/पर्याय जानना (जैसे: दिलेरी, बचाव, निडरता); मूल्य और नैतिकता साहस, संवेदना और सतर्कता; कर्तव्य और मानवता	साहसिक घटनाओं की चर्चा प्रेरक व्यक्तित्वों पर प्रस्तुति चित्र द्वारा कहानी का पुनर्निर्माण
पाठ १६ - पानी रे पानी (लेख)	पठन और श्रवण कविता के भावों और संदेश को समझना। समालोचनात्मक सोच जल की उपयोगिता और उसके दुरुपयोग का विश्लेषण करना। भावनात्मक बुद्धिमत्ता प्राकृतिक संसाधनों के प्रति संवेदनशीलता का विकास। सृजनात्मक अभिव्यक्ति जल संरक्षण पर पोस्टर बनाना, कविता या नारा लिखना। शब्दावली विकास 'जल', 'विलुप्त', 'जरूरत', 'स्रोत' जैसे शब्दों का प्रयोग।	पाठ समझ, जल का महत्व समझना कविता के भाव ग्रहण करना प्राकृतिक तत्वों से जुड़ाव आलोचनात्मक सोच, जल संकट का मूल्यांकन बचाव के उपायों की कल्पना; प्रकृति के संरक्षण का विश्लेषण नैतिक सोच, जल के प्रति जिम्मेदारी संवेदनशीलता का विकास; भविष्य की पीढ़ियों की सोच रचनात्मक अभिव्यक्ति; पोस्टर, नारा लेखन, चित्र बनाना, कविता प्रस्तुति; शब्दावली संवर्धन, नए शब्दों का अर्थ समझना सही प्रयोग व विलोम/पर्याय जानना (जैसे: जल, संकट, संरक्षण), मूल्य और नैतिकता प्राकृतिक संसाधनों का संरक्षण व्यक्तिगत जिम्मेदारी, जल बचाओ भावना	गतिविधि अनुच्छेद लेखन जल संरक्षण पर पोस्टर बनवाना कविता गायन और स्वर-लय अभ्यास जल बचाने की व्यक्तिगत योजनाओं पर चर्चा

व्याकरण: मुहावरे (1-15)	मुहावरों द्वारा भाषा का प्रयोग, शब्द भंडार, वाक्य भंडार, व्याकरणिक ज्ञान मुहावरों की पहचान करना और उनका अर्थ समझना। मुहावरों का सही संदर्भ में प्रयोग सीखना। भाषा में मुहावरों के उपयोग से अभिव्यक्ति को रोचक और प्रभावी बनाना। मुहावरों के सांस्कृतिक और भावनात्मक अर्थों को समझना। मुहावरों को पढ़कर और सुनकर उनकी संप्रेषणीयता को समझना।	भाषा समझ: मुहावरों के अर्थ और प्रयोग की समझ विकसित करना। सुनने-बोलने का कौशल: संवादों और वार्तालापों में उपयुक्त मुहावरों का प्रयोग करना। लेखन कौशल: अपने लेखन में मुहावरों को सही जगह पर इस्तेमाल कर भाववृद्धि करना। विश्लेषणात्मक क्षमता: मुहावरों के प्रतीकात्मक अर्थ को पहचानना और उसका सही संदर्भ में उपयोग करना।	बच्चे भाषा को प्रभावशाली बनाना सीखेंगे, त्योहारों के बारे में जानेंगे मुहावरा खोजो: कहानी या कविता में मुहावरों को ढूंढ़ना और उनका अर्थ समझना। मुहावरा मिलाओ: मुहावरों को उनके अर्थों से जोड़ना। मुहावरा प्रयोग: दिए गए मुहावरों का उपयोग करके वाक्य बनाना। मुहावरे वाली कहानी: मुहावरों का प्रयोग करते हुए छोटी कहानी लिखना या सुनाना। मुहावरा चित्रण: मुहावरों का चित्र बनाकर उनका अर्थ समझाना।
पाठ 17 - छोटी सी हमारी नदी (कविता)	पठन और श्रवण किवता की लय, शब्द और संवेदना को अनुभव करना। समालोचनात्मक सोच नदी के जीवन चक्र और उसके योगदान को समझना। भावनात्मक बुद्धिमत्ता प्रकृति के प्रति प्रेम और कृतज्ञता का भाव विकसित करना। सृजनात्मक अभिव्यक्ति नदी पर चित्र बनाना, अपनी नदी की कल्पना करना। शब्दावली विकास 'धारा', 'बहाव', 'संजीवनी', 'नीर' जैसे शब्दों का प्रयोग।	पाठ समझ नदी के बहाव को समझना प्रकृति के सौंदर्य का अनुभव कविता के शब्दों की व्यंजना; आलोचनात्मक सोच प्राकृतिक संतुलन का विश्लेषण; मानव और प्रकृति का संबंध परिणामों की कल्पना; नैतिक सोच प्रकृति के प्रति कृतज्ञता संतुलन बनाए रखने की भावना; नदी से जुड़ाव रचनात्मक अभिव्यक्ति; नदी का चित्रण अपनी कल्पना की नदी पर लेखन कविता प्रस्तुति; शब्दावली संवर्धन; नए शब्दों का अर्थ समझना; सही प्रयोग व विलोम/पर्याय जानना; (जैसे: बहाव, धार, जीवनधारा); मूल्य और नैतिकता; प्राकृतिक संसाधनों की महत्ता; साफ-सुथरी नदी की आवश्यकता; प्रकृति से प्रेम	चर्चा विधि , व खेल विधि दी से जुड़ी कहानियाँ साझा करना चित्र बनाकर भाव समझाना नदी संरक्षण की सामूहिक योजना बनाना अध्याय 18: चुनौती हिमालय की
पाठ 18 - चुनौती हिमालय की (यात्रा वर्णन)	पठन और श्रवण पर्वतारोहण से जुड़ी साहसिक घटनाओं को समझना। समालोचनात्मक सोच हिम्मत, टीमवर्क और दृढ़ संकल्प का मूल्यांकन करना। भावनात्मक बुद्धिमत्ता कठिनाइयों से डरने के बजाय डटकर सामना करने की भावना को अपनाना। सृजनात्मक अभिव्यक्ति पर्वतारोहण पर संवाद, पोस्टर, प्रेरक लेखन। शब्दावली विकास 'चुनौती', 'साहसिक', 'संघर्ष', 'हिमालय' जैसे शब्दों का प्रयोग।	पाठ समझ पर्वतारोहण की चुनौतियाँ समझना पात्रों की हिम्मत पहचानना घटनाओं को क्रमबद्ध करना; आलोचनात्मक सोच दृढ़ निश्चय का विश्लेषण; पात्रों की प्रेरणा और प्रयास विकल्पों के परिणाम; नैतिक सोच हिम्मत और आत्म-विश्वास का मूल्य; संघर्ष से जीत की सीख टीमवर्क का महत्व; रचनात्मक अभिव्यक्ति प्रेरणादायक लेखन; पर्वतारोहण का चित्रण नाट्य प्रस्तुति; शब्दावली संवर्धन नए शब्दों का अर्थ समझना; सही प्रयोग व विलोम/पर्याय जानना; (जैसे: चुनौती, संघर्ष, विजय) मूल्य और नैतिकता; संघर्ष, साहस और टीम भावना लक्ष्य की प्राप्ति के लिए समर्पण सकारात्मक सोच	चर्चा विधिपर्वतारोहण का वीडियो दिखाना टीमवर्क गतिविधियाँ कराना आत्म-प्रेरणा की कहानियाँ साझा करना

Periodic Test - 2	पाठ 12 - गुरु और चेला (कविता) पाठ 13 - स्वामी की दादी (कहानी) व्याकरण: विशेषण (भेद सहित), वाक्यांशों के लिए एक शब्द (1	-20), पर्यायवाची शब्द	
Final Term	पाठ 14 - बाघ आया उस रात पाठ 15 - बिशन की दिलेरी पाठ 18 - हिमालय की चुनौती व्याकरण: क्रिया व काल, विराम चिह्न, श्रुतिसमभिनार्थक शब्द, मुहावरे (1-10), पत्र लेखन(केवल जानकारी हेतू), अपठित गद्यांश,अनुच्छेद लेखन	Subject Enrichment Project Based Assessment Multiple Assessment	- पाठ 10 एक दिन की बादशाहत (पठन) - पाठ-17 छोटी-सी मीठी नदी (कविता) वाचन) - श्रुतलेख, शब्द भंडार अभ्यास कार्य - पाठ -16 पानी रे पानी (गतिविधि) - पाठ -11 चावल की रोटियाँ (नाटक-गतिविधि) - संचित्र वर्णन / रचनात्मक लेखन - संवाद / रोल प्ले - उत्तर पुस्तिका

SUBJECT - MATHEMATICS TERM - 1 (APRIL 2025 - SEPTEMBER 2025)

TEXTBOOKS Mathematics Textbook and Workbook - V

TOPIC / SUB TOPIC	LEARNING OUTCOMES	SKILL / COMPETENCIES	TEACHING LEARNING STRATEGIES / METHODOLOGY
Number Around Us	Students will be able to: * learn to extend place value chart, * identify large numbers up to 7 digits, read and write them, * identify the largest number or smallest number through comparison of periods and * identify the int'l system of numeration and compare with Indian system of numeration	Number sense- through place value table, how to order numbers, comparing numbers Application in Daily Life -(i) Handling and calculating money through activity using paper money Critical thinking - To find total number of 2- digits, 3-digits, 4-digits numbers and so on. Search for a pattern. Exploration - spotting large numbers in real life- number of leaves on a tree/plant etc.	•e-content •Questions from course book •Solving questions in worksheets •Practice work •Quiz •Classroom games Number art activity with 2-digit numbers (birthdate of students as numbers) Activity 2 - Check a Cheque - Design a Cheque and fill it with a 7-digit amount.
Shapes and Figures	Students will be able to: * identify and differentiate between a line, a line segment and a ray	Visual spatial skills- differntiate 2D and 3Dshapes Observation and Analytical Thinking - comparing and sorting shapes based on sides, angles Learning Geometrical Vocabulary Activity -Tracing outline of any of the objects in school bag to get a shape and then creating patterns using intersecting and parallel lines	•e-content • Origami activities •Questions from course book •Solving questions in worksheets •Practice work •Demonstration Activity 1 - Tracing outline of any of the objects in school bag to get a shape and then creating patterns using intersecting and parallel lines. Activity 2 - Tribal Art Making using lines and shapes

Playing with numbers	Students will be able to:	Computational Accuracy - 4 operations with large numbers	•e-content
	* perform four basic operations with ease		•Questions from course book
	* demonstrate and describe the process of addition and	Logical Reasoning - choosing the correct operation Word	•Solving questions in worksheets
	subtraction	Problem Solving skills	Practice work
	* identify the addends, sums, minuends, subtrahends,	Application in Daily Life	Activity 1- Addition and subtraction using play money
	difference and other terms		Activity 2- Preparing a comic strip involving the four
			operations
Turns and corners	Students will be able to:	Angle Understanding with turns viz. quarter turn, half	•e-content
Turns and corners	* observe and identify angles around them.	turn	•Questions from course book
	* define, understand, demonstrate and name different	Vocabulary Development	•Practice work
	kinds of angles	Real Life Application - Navigating maps, directions and	•Use of protractor and ruler on board
	* to use protractor to measure given angles and draw an	routes	Activity 1 - Preparing fish angles- types of angles
	angle of given measurement		Activity 2 - Making a protractor by paper folding and
			measuring angles
		ASSESSMENT	
Periodic Test - 1	Lesson 1 - Numbers Around Us		
	Lesson 2 - Shapes and Figures (for activity)		
Mid Term	Lesson 2 - Shapes and Figures	Subject Enrichment - Turns and Corners	
	Lesson 3 – Playing with Numbers	Project Based Assessment - Warli Art	
	Lesson 4 – Turns and Corners	Multiple Assessment - Notebook Maintenance	

TERM - 2 (OCTOBER 2025 TO MARCH 2026)

TOPIC / SUB TOPIC	LEARNING OUTCOMES	SKILL / COMPETENCIES	TEACHING LEARNING STRATEGIES / METHODOLOGY
Multiples and Factors	The students will be able to:	Number Sense and Classification Skills- sortinfg numbers	•Activities
	*Learn to use number patterns to identify multiplication	as Prime and Composite	•Questionnaire
	facts	Logical Reasoning - identifying common factors and	•Classroom games
	* define multiples and factors of numbers using		•Questions from course book
	multiplication and division facts	Pattern recognising - Arranging items in rows and columns	•Solving questions in worksheets
	*Identify prime and composite numbers by the use of		•Quizzes
	sieve method	Application in Real Life - Planning events and arranging	Activity 1 - Preparing a Mini- Multiples and Factors
	* Find prime factors by tree method and division method	items in groups	dictionary using waste/unused papers. Writing all new
	*Learn divisibility tests		terms that occur in the topic.
			Activity 2 - Making Eratosthenes Grid and learning to
			sort Prime and Composite numbers

Whole and Parts	Students will be able to: * identify and differentiate between fractions as a whole and fraction as a part of a group * define lowest form of a fraction * differentiate and identify fractions *convert one kind of fraction to another * compare like and unlike fractions * add and subtract like and unlike fractions	Conceptual Understanding - parts of a whole, parts of a group Visual Representation - using shapes, number line and real life models Comparison and Arranging Fractions Simplification and Conversion of Fractions Problem Solving - Applying Fractions in recipes, dividing items etc.	Paper folding Activities Pictorial representation of kind of fractions -e-content Questions from course book Solving questions in worksheets Practice work Classroom games Activity 1- Using foam paper cut-outs to represent fractions and their equivalent Finding fractional part of a collection eg 2 of a dozen bananas: to distribute 2 sandwiches amongst 3 friends equally and so on. Activity 2- Learning to compare fraction with Jal Tarang ie. Fraction of water in a acontainer
Decimal Fractions	Students will be able to: * relate fractions to decimals * convert fractions to decimals and vice versa * extend place value chart for reading and writing decimal numbers * identify and find equivalent decimals of a given decimal	Place Value Understanding in Decimals (tenths, hundredths, etc.) Number Sense- reading writing decimal nos Conversion Skills - fractions to decimal and vice-versa Precion and Accuracy - correct placement of decimal points Visual Representation - decimals on Number Line, using base 10 blocks and decimal squares to understand parts of a whole	Pictorial representation of decimal numbers e-content Questions from course book Solving questions in worksheets Practice work Questionnaire Oral addition and subtraction of 2 decimal numbers up to 1 decimal digit Oral addition of 2 decimal numbers to get single digit whole numbers
Operations with Decimals	Students will be able to: * add and subtract decimals * comprehend, identify the operation and solve word problems.		Solving questions in worksheets Practice work Pictorial representation of addition and subtraction of decimal numbers

Measuring Surfaces	Students will be able to: * learn to find the perimeter of a shape by finding the sum of lengths of all its sides. * understand that unit of perimeter is similar to unit of length. * learn to develop formula for perimeter of rectangle and square using the properties of these shapes. * find perimeter of square and rectangle using formula. * understand the concept of area by defining it. * understand the concept of area by dividing the space inside the figure into squares and then counting them. * learn to choose and write correct unit of area. * learn to find / develop formula for area of rectangle and square using the properties of these shapes. * find area of given square and rectangle using formulas. * read, identify the shape from its dimensions, comprehending whether to find area or perimeter of given shape.	Conceptual Understanding of Area and Perimeter Spatial Understanding - (i) visualising how many squares fit into a surface (ii) visualising real-life surfaces to square units Application of Multiplication- Formulas Problem Solving Skill Logical Thinking - Understanding that same perimeter can have different areas and vice versa Observation and Estimation (i) estimating areas before measuring (ii) estimating areas using graphs paper Real-Life Application Skill - Understanding Area in gardening, flooring etc.	*Solving questions in worksheets *Practice work *Pictorial representation of addition and subtraction of decimal numbers *Activity - Calculating area covered by a given 2D space without the use of any dimensions. (use of graph sheet)
Symmetry	Students will be able to: * understand symmetry, symmetrical objects around them, symmetrical figures and their lines of symmetry. * differentiate between symmetrical and non- symmetrical objects and figures. * identify patterns and how to extend them.	Visual - Spatial Skills Observation and Identification Skill Logical Thinking Pattern Recognition Concept of Reflection Real life Application	Paper folding activity to understand Symmetry and lines of symmetry Activities to demonstrate symmetry and lines of symmetry using paints Activity - Observing, finding, recording, writing conclusion and trying to draw or prepare models on Symmetry around us (in plants, animals, sea shores etc)
Measurement	Students will be able to: * recall various units of measuring quantities- length, mass, capacity. * learn, recall and develop their own conventions to remember relation between various smaller and larger units. * convert units of length, mass and capacity from larger to smaller by multiplication and from smaller to larger by division.	Understanding of Units Estimation Skills Real life Aapplications (i) measuring ingredients, body weight, water, and distances (ii) measurement in shopping, cooking, travel etc. Conversion Skill Integration with other subjects - area, perimeter, fractions and decimals	Activities related to measuring length mass and capacity Explanation Activity - Collecting stickers found on bottles of drinks and syrups. Reading their measurement in given units. Preparing a collage of the same.
Data Handling	Students will be able to: * collect data and arrange the same in tabular form. * represent the collected data in the form of bar graph and pie chart. * interpret a given graph.	Obseration, Collection and Sorting Skill Representation Skill Interpretation and Analysis Logical Thinking and communication Skills Real Life Application	•Activity •Explanation •Introduction to survey Activity - Collect a certain/ given information from your surrounding and display it as a pie chart. eg. Height of all members of your family. Age of all members of your family etc.

	ASSESSMENT				
Periodic Test - 2	Lesson 5 – Multiples and Factors Lesson 6 - Measuring Surfaces				
	Desson v Measuring Surfaces				
Final Term	Lesson 7 – Whole and Parts	Subject Enrichment	- Symmetry		
	Lesson 8 – Decimal Fractions	Project Based Assessment	- Data Handling		
	Lesson 11 – Measurement	Multiple Assessment	- Notebook Maintenance		

SUBJECT - WORLD AROUND US
TERM - 1 (APRIL 2025 - SEPTEMBER 2025)

TEXTBOOKS Exploring the World Around Us - V

TOPIC / SUB TOPIC	LEARNING OUTCOMES	SKILL / COMPETENCIES	TEACHING LEARNING STRATEGIES / METHODOLOGY
Lesson - 1 : Why People Move	Students will be able to * identify and describe different reasons why people move from one place to another (e.g. work, education, safety, family, natural disasters, war, climate). * explain the impact of migration on individuals, families, and communities.	*Observation and Inquiry Skills *Communication Skills *Critical Thinking *Culture awareness and sensitivity	* Story telling- Share real-life or fictional migration stories *Experential Learning: Visual Mapping- Show where people move from and to (e.g., village to city). Use world map to trace migration routes and locate destination places. *Art Integration- Create posters titled "A New Home" or "Why We Moved".
Lesson - 4: Different Jobs	Students will be able to * identify and describe a range of different jobs. * explain the purpose and importance of different jobs in society. * recognize the interdependence of jobs in society (e.g., how a farmer, grocer, and transporter are connected). * demonstrate respectful attitude towards all kinds of work and the people who do them.	*Observation and Inquiry *Communication (oral & written) *Critical and Analytical Thinking *Empathy and Respect for Labor *Teamwork and Presentation *Culture awareness and sensitivity	*Experiential Learning: Students interact with community helpers (gardener, teacher, tailor, etc.) *Art Integration: Poster-Making "My Dream Job" or "Jobs Around Us" poster activity *Language: Storytelling / Real-Life Narratives Share stories of people from different professions Field Visit (if possible): Visit to a local market, farm, or workshop to observe jobs * Theatre In Education: Role Play / Skits Enact different jobs (e.g., doctor, shopkeeper, farmer)

Lesson - 2 : Being Different (Activity)	Students will be able to * identify and describe different ways people can be different. * show empathy and explore the importance of inclusion. * reflect on their own identity, strengths, and the things that make them unique.	*Empathy and Respect *Communication skills *Collaboration *Problem solving *Videos, Posters, Visual Aids	*Creative Expression: Poster Making Draw or create a poster on "We're All Different but Equal" *Storytelling:Read a story about a child who is "different" (e.g., has a disability, speaks another language, or comes from another place). Discuss feelings and actions. *Circle Time / Sharing Circle Prompt: "What makes you unique?" or "How can we include everyone?" *Inclusive Games: Play games where children must adapt to include different abilities or communicate nonverbally.
Lesson - 10 : Eat well, keep well (Activity)	Students will be able to *understand the importance of Balanced Diet. *learn how to protect themselves from common diseases. *conduct simple laboratory food test.	*Observation and Analysis *Decision-Making Skills *Personal Health Awareness *Habit formation and self regulation *Wellness and life skill	*Experimentation: Conduct simple food test *Experential Learning: Students create their own My Healthy Plate with food categories *Project Work Activities: Cold cooking
Lesson - 15: Aquatic Life	Students will be able to *identify various aquatic animals and plants. *understand basic features and adaptations of aquatic animals and plants. *learn about sustainable practices to protect water bodies and marine life.	*Observation and Inquiry *Classification and Comparison *Analytical Thinking *Environmental Awareness *Communication and Description Skills *Creative Expression (through art and storytelling)	*Visual Learning: Use pictures, videos, or real-life visuals (aquarium visit or virtual tour) of aquatic life * Language:Storytelling Share a story like "The Journey of a Turtle" or folk tales about rivers, fish, or whales * Experential Learning: Create a mini habitat in a shoebox: pond, river, ocean with aquatic animals Group Discussion: "What happens when water bodies get dirty?" or "Why is clean water important?" * Theatre In Education: Role Play Students act as different aquatic animals and share "a day in their life" *Art Integration: Drawing, coloring, or creating paper cutouts of aquatic life
Lesson - 6: Growing Plants	Students will be able to * identify the seed producing plants * recognize and study the various stages in germination of a seed * learn the ways of seed dispersal	*Observation and Inquiry *Scientific Reasoning *Classification and Recording *Environmental Responsibility *Problem-Solving and Critical Thinking *Patience and Care (through hands-on activity)	*Teaching Method: Demonstration, Schematic Diagram, * Experiential Learning: Students plant a seed in a cup and observe its growth over a week or two and maintain a "Plant Growth Diary" with drawings and notes on changes observed daily *Hands-on Activities: Seed sorting, preparing compost, collecting leaves or flowers *Visit a garden, nursery, or farm to observe plant care in action * Language: Storytelling/Discussion Story: "The Little Seed that Could" followed by reflection *Art Integration: Making a chart of parts of a plant and their functions

Lesson - 7: Our Forest Wealth	Students will be able to *understand equatorial forests of the world. *understand land, location and climate * understand vegetation and wildlife	*Observation and Inquiry *Environmental Awareness and Responsibility *Analytical Thinking *Empathy and Cultural Sensitivity *Communication and Collaboration *Conservation Thinking	Teaching Method: Toy Pedagogy Activities: Puppets on tribal / mask making *Language: Storytelling Tell stories of tribal life, forest protectors, or animals living in forests (e.g., The Talking Tree). *Map Activity Locate major forests of India on a map (e.g., Sundarbans, Western Ghats, etc.). *Theatre In Education: Role Play / Skit Enact a play on saving a forest or showing conflict between industry and nature. *Field Visit / Nature Walk (if feasible) Visit a local green area or forested region for observation. *Art Integration: Make posters, leaf collages, or 3D models of forest life. *Discussion Circles Topics: "Why are forests called the lungs of the Earth?" or "What would happen if forests disappeared?"
Lesson - 8: The people of the Forest	Students will be able to * identify who tribal or forest-dwelling communities are. * describe the lifestyle, occupations, homes, clothes, food, and festivals of forest communities. * understand how tribal people live in harmony with nature. * explain the significance of forests in the lives of tribal people.	*Observation and Listening *Cultural Sensitivity and Empathy *Environmental Awareness *Critical Thinking *Communication and Presentation Skills *Ethical Reasoning	*Language: Story Writing / Diary Entry "A day in the life of a forest child" – write from a tribal child's perspective. *Theatre In Education: Role Play / Skit Enact daily life or a festival of a forest tribe. *Map Activity Mark tribal belts of India and forested areas they inhabit. *Art Integration: Create tribal art (e.g., Warli painting) or forest tool replicas. *Group Discussion Prompt: "How do forest people live with nature differently from us?"
Lesson - 3: Let us play (Activity)	Students will be able to *identify different types of games. *understand the importance of games and physical activities for physical, mental, and emotional well-being. *appreciate traditional Indian games and compare them with modern or international games.	*Teamwork and Cooperation *Motor Skills & Coordination *Decision-Making and Problem Solving *Playground *Sports Equipments	*Learning Through Play *Art integration: Draw or craft traditional play tools (e.g., spinning tops, slingshots, dice). *Game Demonstration Play traditional Indian games like Kabaddi, Kho-Kho, Pittu, Lagori, or Gilli-Danda. *Create-a-Game: Children would invent a new game using recycled or local materials. *Math Integration: Scoring systems, keeping time, and turn-taking involve basic math skills.

ASSESSMENT			
Periodic Test - 1	Lesson-1: Why People Move		
	Lesson-4: Different Jobs		

Mid Term	Lesson-6: Growing Plants	Subject Enrichment	- Lesson 2
	Lesson-7: Our Forest Wealth	Project Based Assessment	- Lesson 13
	Lesson-8: The People of the Forest	Multiple Assessment	- Lesson 10, Lesson 11
	Lesson-15: Aquatic life		

TERM - 2 (OCTOBER 2025 TO MARCH 2026)

TOPIC / SUB TOPIC	LEARNING OUTCOMES	SKILL / COMPETENCIES	TEACHING LEARNING STRATEGIES / METHODOLOGY
Lesson - 9: Food for All	Students will be able to * identify the role of farmers in food production and the economy. * name types of crops (food crops, cash crops) grown in different parts of India. * understand types of farming - subsistence and commercial.	*Communication skills *Critical thinking and Reasoning *Observation and Inquiry *Empathy and Social Responsibility *Data Collection and Interpretation *Problem-Solving	*Language: Storytelling Tell stories like "A Grain of Rice" or "From Farm to Feast" to illustrate food journeys and justice. *Discussion Circle Prompt: "Why do some people go hungry while others waste food?" *Theatre In Education: Role Play- Enact roles of farmers, delivery people, shopkeepers, or a hungry child in a food chain drama. *Art Integration: Making Flow chart showing food from farm → processing → transport → market → home. *Maths: Data Activity Survey: What food do students waste most in their tiffins? Create graphs.
Lesson- 13: In Times of Emergency (Activity)	**Students will *identify and describe different types of emergencies. *understand the basic safety rules and precautions to follow during emergencies. *recognize the role of emergency services.	*Problem-Solving and Decision-Making *Communication and Alertness *Emergency Preparedness *Teamwork and Coordination *Empathy and Social Responsibility *Risk Identification and Response	*Language: Share stories of children who helped or acted wisely in emergencies (e.g., calling for help, helping others). *Theatre In Education: Role Play / Simulation Enact an emergency drill (fire evacuation, earthquake safety, calling 108/100/101). *Circle Time: Discussion Prompt- "What would you do if someone fainted at school?" *Art Integration: Design posters with emergency numbers and safety rules and making Emergengy pocket diary. *Classroom Drill: Conduct a mock drill for fire or earthquake.

	T		
Lesson - 11: Plant and Animal Food (Activity)	Students will be able to * understand that plants are living organisms that make their own food. * recall the basic needs of plants: sunlight, water, carbon dioxide, and chlorophyll. * identify the process of photosynthesis as how plants make food. * classify animals as herbivores, carnivores, omnivores, scavengers, or decomposers. * identify adaptations in animals that match their food habits. * draw or interpret a simple food chain. * explain the importance of food in animals' survival. * show awareness of the role animals play in maintaining ecological balance.	*Scientific Thinking *Observational Skills *Communication Skills * Digital Tools *Audio-Visual Resources	*Experiencial Learning: Use leaves, light, and water to show the basics of photosynthesis using a simple experiment (e.g., starch test with iodine). *Language: Narrate or show a story of "Sunny the Leaf" who makes food using sunlight. *Classification Chart: Group animals into herbivores, carnivores, omnivores, and scavengers with picture cards. *Art Integration: Use labeled diagrams or cut-outs to build the photosynthesis process and food chains and food web. *Games & Puzzles: Match animal to food type or food chains in a quiz format. Discussion Prompt "What if there were no green plants?" to trigger understanding of energy flow.
Lesson - 5: The World of Animals	Students will be able to *identify senses in animals. *classify animals based on their senses. *know about endangered animals.	*Virtual Zoo Tours *Animal Classification Posters *School Tour	Teaching Method: Demonstration, Learning by doing, Use of E- content *Art Integration: Making scrap book on migratory birds and making puppets of different animals *Language: Storytelling Tell engaging stories about animal behavior or endangered animals (e.g., "The Return of the Tiger"). * Theatre In Education: Enact scenes from animal life – predator/prey, migration, adaptation.
Lesson - 12: Shelter for Everyone	Students will be able to *explain the importance of shelter as one of the basic need. *identify and describe different types of houses. *understand the influence of climate, geography, and resources on the types of houses people build. *compare and contrast urban and rural housing styles. *analyze why people in different regions of India (and the world) have different kinds of shelters.	*Analytical and Critical Thinking * Empathy and Social Awareness * Collaboration *Social and Civic Awareness	*Brainstorming and Questioning *Art Integration: Drawing or model-making of traditional and modern houses using eco-friendly or sustainable materials. *Language: Interview/Survey -Talk to grandparents or neighbours about how houses have changed over time *Project: "Homes Around India" Booklet: Compile images and facts about traditional houses across Indian states

Lesson - 16: Fuel for Vehicles	Students will be able to *identify different types of fuels. *understand the sources and formation of fuels. *evaluate the advantages and disadvantages of various fuels. *promote energy conservation and sustainable practices.	*Observation and Classification *Critical Thinking and Problem Solving *Environmental Awareness *Research and Inquiry *Communication and Collaboration	*Experiment/Demonstration Simple experiment to show combustion (e.g., candle and air) to relate fuel burning and energy. *Field Visit / Virtual Tour Visit to a petrol pump, electric vehicle showroom, or biofuel plant (or videos). *Art Integration: Comparison Chart Create chart comparing pros and cons of various fuels: availability, pollution, cost. * Theatre In Education: Role Play- Imagine being a vehicle that uses different fuels and explain the experience.
Lesson - 14: The Story of Water (Activity)	Students will be able to * identify different sources of water (rain, river, lake, pond, well, groundwater, etc.). * understand the importance of water in daily life for drinking, cooking, cleaning, agriculture, etc. * describe the water cycle using terms like evaporation, condensation, precipitation, and collection. * recognise the need for clean and safe drinking water.	*Observation and Inquiry *Scientific Explanation *Critical Thinking and Problem Solving *Environmental Awareness *Communication and Collaboration	*Demonstration: Show evaporation and condensation using a simple water cycle model (boiling water, condensing on a cold surface). *Students conduct a water usage survey at home. *Art Integration:Poster Making: "Save Every Drop" or "Ways to Save Water" and create catchy water-conservation slogans. *Problem-Solving: Brainstorm ways to save water at home and school.
Lesson - 17: On an Adventure Trip	Students will be able to * understand the meaning and purpose of adventure trips. * identify different types of adventure activities. * recognize the importance of planning, safety, and teamwork during trips.	*Planning and Organization *Observation and Exploration *Safety Awareness *Teamwork and Collaboration *Environmental Sensitivity *Communication and Reflection	*Warm-up Discussion *Theatre In Education: Pack Your Adventure Bag -Plan a mock adventure trip considering location, gear, safety, and rules. Simulate scenarios like packing, setting up camp, or dealing with minor injuries. *Outdoor Activity: Organize a nature walk to practice observation and teamwork. *Language and Art Integration: Drawing or journaling about an imagined adventure trip.
Lesson - 19: Growing Food	Students will be able to * understand agricultural practices. * understand traditional and modern agricultural practices. * explore the reasons for changes in cultivation.	*Observation and Inquiry *Critical Thinking *Environmental Awareness *Empathy and Responsibility *Communication and Collaboration	*Maths: Comparative analysis of traditional and modern farming *Hands-on Cultivation Project *Language: Narrate the journey of a seed from soil to table *Outdoor Activity: Visit a farm (or show a virtual farm tour) *Quiz: Farming tools, crops, and techniques

Lesson -18: Our Rich	Students will be able to	*Observation and Inquiry	*Performing Arts: Music and Dance
Heritage (Activity)	* understanding cultural heritage	*Research and Analysis	*Collaborative Research Projects : Create scrapbooks
	* identify major heritage sites in India including	*Cultural Sensitivity	or posters of cultural heritage of different states of the
	monuments, temples, and historical landmarks.	*Communication and Presentation	country. *Theatre In Education: Enact
		*Critical Thinking	traditional festivals or a day in the life of a historical
		*Appreciation for Art and Tradition	figure
			*Art Integration: Make traditional rangoli, warli art,
			puppets, or recreate monuments in clay or cardboard
